EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

The application has been amended as follows: claim 15, line 1, delete "claim 15" and insert "claim 14" thereat; line 2, delete "gasket 67" and insert "gasket" thereat; and line 2, after "assembly" insert "and".

Claims 1-19 are allowed. The following is an examiner's statement of reasons for allowance: claim 1 recites a pull-out computer housing comprising a CPU enclosure housing all standard units of the computer system; a flat drive bay with a flat top housing all accessible units of said computer system and supporting a computer keyboard; and a hinge assembly provided between said CPU enclosure and said flat drive bay enabling adjustment of the flat top to a preferred angle and a preferred elevation. The specific limitation of a flat drive bay having a flat top, supporting a keyboard, in combination with a CPU enclosure, wherein the flat drive bay and the CPU enclosure are connected by a hinge assembly is not taught or described in the prior art references. Claims 2-19 depend, either directly or indirectly, from claim 1 and are therefore allowed for at least the same reasons.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
